W. HARRISON

Highest Type of Hat and Man

The above is an exact reproduction of President Roosevelt's hand with his Knox Hat in it as he waved Good-bye from the deck of the yacht Algonquin on December 16, 1907, to the American Battleship fleet as it started on its wonderful trip around the world under the command of Admiral Evans, in the presence of fifty thousand cheering Americans.

This remarkable photograph of Mr. Roosevelt now hangs over the desk of Colonel E. M. Knox in the Knox Building, Fifth Avenue and 40th Street, New York.

An exact reproduction would appear but for the wish expressed by the ex-President that his picture be kept out of advertisements. Colonel Roosevelt always had the best of everything.
